The CUSTOMER is responsible for his/her/its own account and is bound by all actions and their consequences, performed on his/her/its behalf after gaining access to BULBANK ONLINE and BULBANK MOBILE based on positive electronic identification. Their use by the CUSTOMER according to the procedure established with the Agreement for the service and with these General Terms and Conditions certifies the authenticity of the ordered operations and the acceptance of their consequences.

All actions performed on behalf of the CUSTOMER through BULBANK ONLINE and BULBANK MOBILE, after the means of electronic identification have been received, shall be considered valid signed written statements (electronic documents) binding for the CUSTOMER. The electronic use of electronic signature has the effect of a legally valid signature placed by a person with disposal rights over the accounts of the CUSTOMER with the BANK under the effective legislation and certifies the veracity and authenticity of the electronic statement.

The BANK has the right to impose restrictions and additional requirements for identification and operations execution through BULBANK ONLINE and BULBANK MOBILE, considering the requirements of the effective legislation and maintaining the necessary security level of the information system, as well as to set a limit for the payment orders through the access channels.

2. Registration and use of BULBANK ONLINE service:

2.1. The service BULBANK ONLINE enables the CUSTOMER, via access to the website <https://online.bulbank.bg> , to use the following products and services of the BANK:

2.1.1. Information services:

- Information about balances, movements and turnovers on accounts (current/card/savings, deposit and other accounts);
- Information about the credit products used by the CUSTOMER;
- Information about the portfolio of direct investments in Pioneer funds, etc.;

2.1.2. Payment and transaction services:

- One-off or periodic payment orders in local currency;
- One-off or periodic payment orders in foreign currency;
- Payments of utilities and other liabilities;
- Setting up periodic payments;

- Direct debiting in the local currency;
 - Currency exchange, etc.;
- 2.1.3. Others
- Application for, opening of or subscription to banking products and services, including change of parameters and assistance regarding the BANK's products used by the CUSTOMER;
 - Management of personal information and changes related to the user profile, the respective rights, limits and access channels.
- 2.2. In order to use the service, the CUSTOMER submits an application and signs an agreement for providing of BULBANK ONLINE (the Agreement), from which moment arises the right of the CUSTOMER to use it.
- 2.3. For inclusion in and changes to the service the CUSTOMER deposits at a branch of the BANK a standard Application Form, an integral part of the Agreement.
- 2.4. The BANK sets the following minimum technical requirements for the CUSTOMER to be able to use BULBANK ONLINE:
- Computer configuration allowing installation of an operating system usable for the purpose of the service;
 - Internet access;
 - Usable web browser. The BANK publishes on the website of the service a list of the browsers and their versions compatible with the service.

2.5. Means of identification and authorization in BULBANK ONLINE:

Active operations (transfer orders, submission of applications and subscription to banking products and services, change of their parameters, access rights, etc.) via BULBANK ONLINE are carried out through strong customer authentication by using one or more of the following identification and authorization (signature) means depending on the type of operation, as follows:

2.5.1. A user name and password together with a qualified electronic signature (QES) or a digital certificate in both cases accompanied by mandatory confirmation of the transaction by a dynamic SMS password (digital code) which is non-reusable and non-replicable. The password is sent to the mobile phone number registered in BULBANK ONLINE and is valid for 15 minutes. "SMS password with signature" is switched on automatically by activating a digital certificate or QES registration in BULBANK ONLINE without the possibility to switch it off.

2.5.2. A username and password together with a mobile token (M-Token) which, through a special algorithm, generates a unique dynamic MAC code valid for a limited period of time to confirm the transaction.

The electronic identification and authorization methods with strong customer authentication specified in items 2.5.1. and 2.5.2 shall be used in the following cases:

- Any transfers and payments of the CUSTOMER with the exception of transfers between the CUSTOMER's own accounts registered in BULBANK ONLINE, payments of utility bills included in the platform Bulbank Pay, transfers to budget accounts and transfers to accounts included in the "trusted beneficiaries" list and so-called "White list" for the respective customer, any electronically signed agreements and applications for bank products and services in connection with remote opening thereof and conclusion of transactions through BULBANK ONLINE, with the exception of M-Token function activation in BULBANK MOBILE;
- All electronically signed agreements and applications for bank products and services in connection with their remote opening and conclusion of transactions through BULBANK ONLINE, with the exception of activation of the M-Token function in BULBANK MOBILE;
- When adding accounts to the "trusted beneficiaries" list and "white list"

2.5.3. For passive actions in BULBANK ONLINE as well as for transfers between own accounts of the CUSTOMER registered in BULBANK ONLINE, payments of utility bills included in the platform Bulbank Pay, transfers to budget accounts and transfers to accounts included in the list of "trusted

beneficiaries" and the so-called "White list" of the respective client, a user name and password are used as a means of identification.

For BULBANK ONLINE users' convenience the customer can create individual account lists the transfers to which can be made without additional digital code confirmation, so-called "White list" or "Trusted beneficiaries" list. An account shall be added to the lists following strong customer authentication and explicit customer consent:

- √ Adding/removing an account from so-called "White list" shall be done following user identification by a user name and password together with a digital certificate or a qualified electronic signature (QES) and is confirmed by a dynamic SMS password sent to the customer's mobile phone number registered in BULBANK ONLINE.
- √ An account is added to/removed from the list of "Trusted beneficiaries" in a similar way: a user is identified by a user name and password and the operation is confirmed by means of a unique dynamic MAC code generated by the M-token.

The CUSTOMER manages the inclusion on/removal of accounts from the white list through an interactive interface of the service for confirmation of the customer's expression of will electronically.

The CUSTOMER can decide and change the methods of authorization (signing) himself/herself, choosing among the ones offered by the BANK on BULBANK ONLINE's website.

For the execution of an operation, depending on its specificity, in addition to the above means of identification and authorization the BANK may require additional confirmation via an SMS password / OTP password or in another way approved by the BANK.

The BANK reserves the right to change the means of identification, authorization and the combinations thereof, notifying its customers via the website of the service or in another appropriate way. Also, if necessary, the CUSTOMER shall visit the BANK to get the new means of identification and authorization.

3. Registration and use of BULBANK MOBILE

3.1. BULBANK MOBILE enables the CUSTOMER through access to a specialized application for mobile devices:

- To receive information about his/her/its personal banking products and services – accounts, cards, loans, etc.
- To make payments and transfers from his/her/its accounts, according to certain predefined rights, limits and technical capacity of the service, including one-time or periodic orders in local currency, payment of utility bills and liabilities, currency exchange, etc.;
- To apply for, open or subscribe to a set of banking products and services, including change of parameters of products already in use by the CUSTOMER, etc.;
- To generate a MAC code and/or an OTP password via the M-token function of the mobile application. Access to the M-token is granted via an individual PIN code of the user.

3.2. The use of BULBANK MOBILE is based on an agreement for the service (the Agreement), concluded in one of the following ways:

3.2.1. At a branch of the BANK upon submission of a standard application form, which is an integral part of the Agreement;

3.2.2. Individuals can activate the service also:

3.2.2.1. Remotely:

- By submitting an electronic application in BULBANK ONLINE;
- For CUSTOMERS with a card account also on the basis of confirmation of the Agreement in a telephone conversation in accordance with the legal requirements;

3.2.2.2. As part of an application submitted by the CUSTOMER to open another bank product or service, according to the specific terms and conditions of the product;

3.2.3. Legal entities can activate the service remotely via BULBANK ONLINE only in the M-token part;

- 3.3. Activation of M-token has to be stated explicitly in the CUSTOMER's application, as part of the Agreement for inclusion in BULBANK MOBILE, which application is submitted in one of the following ways:
- At a branch of the BANK;
 - Remotely by submitting an electronic application for activation of M-token via BULBANK ONLINE, which is authorized through username and password and confirmed through SMS code;
- 3.4. The M-token is accessed via a separate section in the application BULBANK MOBILE where the user enters an individual PIN code for the M-token function. The CUSTOMER may submit to the BANK an application for registration of persons authorized by him/her/it to use the service BULBANK MOBILE;
- 3.5. The BANK has the following minimum technical requirements to the CUSTOMER for the use of BULBANK MOBILE:
- Usable for the needs of the service mobile device (mobile phone or smartphone/tablet) with iOS, Android or WP operating system;
 - Internet access for the device.

The CUSTOMER may install and use the specialized applications on more than one of his/her/its devices, but use of the applications on the same device by more than one user is not allowed.

The CUSTOMER may at any time uninstall the applications from his/her mobile device as well as remove the registration through BULBANK ONLINE. Subsequently the CUSTOMER can again install, activate and use the application on the same device if desired and if his/her access to the electronic services permits.

3.6. Means of identification and authorization in BULBANK MOBILE:

- All kinds of operations through the mobile banking application are performed by means of a software token in combination with a valid PIN for access to the service.

For the execution of an operation, depending on its specificity, in addition to the above means of identification and authorization the BANK may require additional confirmation in a way approved by the BANK.

The BANK reserves the right to change the means of identification, authorization and the combinations thereof, notifying its customers via the website of the service or in another appropriate way. Also, if necessary, the CUSTOMER shall visit the BANK to get the new means of identification and authorization.

SECTION V. BANK OPERATIONS

- 34.6. To set a limit for the payment orders via the service access channels;
- 34.7. To collect unilaterally pursuant to the procedure for automatic collection of receivables, being entitled for this by the CUSTOMER by virtue of the agreement for the service, from his/her/its accounts with the BANK, all of its receivables from the CUSTOMER, together with the accrued amounts for the fees and commissions, pursuant to the procedure and the way stated in the Agreement, these General Terms and Conditions, the General Terms and Conditions for opening, servicing and closing of bank accounts of individuals and for providing of payment services and instruments and the General Terms and Conditions for opening, servicing and closing of accounts of legal entities and sole traders and for the providing of payment services and in accordance with the effective Tariffs of the BANK;
- 34.8. The BANK is entitled to remuneration and receivables for the necessary charges in the amounts established in its Tariffs as at the date of the respective operations and in accordance with the cost-proving documents. The collection of the receivables of the BANK is a reason for execution of the ordered operation and generates an obligation for execution on the part of the BANK in case of availability of sufficient cash and compliance with the regulatory and internal bank requirements for the purpose, incl. under the Measures Against Money Laundering Act and the Measures Against Financing of Terrorism Act;
- 34.9. The BANK has the right to change identification and authorization methods and combinations thereof by giving notification to its customers on the webpage of the service or another appropriate way no less than two months before the date on which the changes are expected to come into force. Where applicable, together with the prior notice under the previous sentence the BANK shall inform the CUSTOMER that it considers that the latter has accepted the changes unless the BANK has been notified before the date on which they come into force that s/he does not accept the changes. In this case the BANK shall notify the customer that the latter has the right to terminate the agreement for the provision of BULBANK ONLINE/BULBANK MOBILE service before the date on which the changes are expected to come into force without the customer being liable for costs and indemnities. The scope of the payment services provided by the BANK can be extended by mutual consent of the parties, as the period under the first sentence of this item shall not be applied.
35. The CUSTOMER has the right:
- 35.1. To order restriction of the right of access to BULBANK ONLINE and BULBANK MOBILE, as a whole or for every authorized person, by way of a written order at any time, without the obligation to state a reason;
- 35.2. To make changes to the registration, the rights of access to accounts, the usernames and passwords, the access codes, the means of authorization, signing and confirmation, including blocking the access to the features used by him/her/it, in the manner described in these General Terms and Conditions;
- 35.3. To cancel orders created via the Internet channel for BULBANK ONLINE by electronic statements only provided that their execution has not been initiated yet;
- 35.4. To request termination of the use of BULBANK ONLINE and BULBANK MOBILE under the terms and conditions of the Agreement for the service.

SECTION VII. RESPONSIBILITIES

36. The BANK shall be liable for damages caused by fault of the BANK, resulting from unauthorized operations executed by its employees within the services after the CUSTOMER's profile has been blocked upon notification from him/her/it.
37. The BANK shall not be liable in case it fails to fulfill its obligations under the Agreement for the service or the service-related documents due to lack of contractual relations of the CUSTOMER with the mobile operator, technical problems with the mobile operator or with the device of the CUSTOMER (e.g. lack of

- coverage, roaming coverage, telephone switched off, etc.) and any other reasons due to technical/communication failures and/or other events beyond the will and control of the BANK.
38. THE CUSTOMER accepts the regularity and the consequences of the execution of the payment orders, applications and requests submitted by the CUSTOMER and received by the BANK via the website of the service or the mobile banking application, in accordance with the identification and authorization procedures described in the General Terms and Conditions. The risk and the responsibility for the damages caused by the execution of electronic payment orders, where the entered mandatory information is wrong, inaccurate or unclear, shall be borne by the CUSTOMER.
 39. THE CUSTOMER shall bear the consequences and the responsibility for non-execution of payment orders due to insufficient funds on his/her/its account and/or if a distraint is imposed on the account under the established legal procedure.
 40. The BANK shall compensate the CUSTOMER for the damages caused to him/her/it as a direct consequence of the guilty acts/omissions of the BANK's employees in the execution/failed execution, delayed or inaccurate execution of an operation ordered by the CUSTOMER through BULBANK ONLINE and BULBANK MOBILE.
 41. The CUSTOMER shall bear all the losses relating to any unauthorized payment operations if he/she/it incurred them by acting fraudulently or by failing to fulfill one or more of his/her/its obligations under these General Terms and Conditions, deliberately or due to gross negligence. In such cases the CUSTOMER shall bear the losses irrespective of their amount.
 42. The BANK is not a party to the relations between the CUSTOMER and merchants, including utility providers, in the execution of payment operations via BULBANK ONLINE and BULBANK MOBILE, and is not responsible for the quality of the goods and/or services offered by the merchant and for any disputes between the merchant/provider and the CUSTOMER in this regard.
 43. The BANK shall not be liable in case the CUSTOMER does not have the necessary licenses to use the other software products necessary for work with BULBANK ONLINE and BULBANK MOBILE. This includes also the cases where the CUSTOMER uses unlicensed software, as this creates conditions for the computer equipment to be infected with a malicious code.
 44. The CUSTOMER and the BANK agree that the use of the username and password for access to the CUSTOMER profile personally by the CUSTOMER or by a proxy thereof for BULBANK ONLINE, in combination with a mobile token, a software certificate issued by the BANK or a qualified electronic signature issued by a licensed certification services provider for the service website as well as the use of a software token and a PIN code for access to the mobile banking application shall have the effect of a valid electronic signature, binding for the CUSTOMER and representing him/her/it, within the meaning of Art. 13 of the Electronic Document and Electronic Signature Act and Art. 8 of the Accountancy Act, which is used for verification of the authenticity, authorization and signing of the ordered payment operations on the CUSTOMER's bank accounts registered for the service and held with the BANK, as well as all the electronic applications made in the two services.
 45. The BANK shall be released from responsibility for fulfillment of its obligation to send SMS passwords, SMS notifications or SMS messages related to the functioning of BULBANK MOBILE on the grounds of the data it has at its disposal that it has initiated these SMS messages, without being obliged to prove that these have been received by the CUSTOMER. The BANK does not check whether the provided phone number is the CUSTOMER's own number or respectively the number of a proxy of the CUSTOMER.
 46. The CUSTOMER or his/her/its proxy shall be held fully materially liable for unauthorized use of a mobile phone number indicated in the profile for the the service in the following cases: providing a wrong mobile phone number; failure to inform / failure to inform in due time the BANK about change of a mobile phone number or about theft of a SIM card to which the respective phone number specified in the profile is directed, as well as in case the device on which the mobile banking application has been installed is taken away.
 47. The BANK is not obliged to inform the CUSTOMER of changes representing extension of the scope of provided services as well as of such reflecting changes in the Regulations.

SECTION VIII. SUPPLEMENTARY PROVISIONS

48. The BANK has the right to amend and supplement these General Terms and Conditions, notifying the CUSTOMER of this at least two months prior to the date on which the amendments enter into force by means of communications in the branches of UniCredit Bulbank AD as well as publication of the

amendments on the website of the BANK. Information about the planned changes may be obtained by the CUSTOMER on paper upon request at the teller desks of the BANK.

49. The amended General Terms and Conditions preserve and continue their effect for the existing legal relations.
50. The CUSTOMER shall be bound by the amendments to these General Terms and Conditions, unless he/she/it notifies the BANK in writing prior to the date of their entry into force that he/she/it does not accept them. If the CUSTOMER does not agree with the proposed changes, he/she/it has the right to terminate the Agreements with the BANK before the changes take effect.
51. These General Terms and Conditions were adopted with a decision of the Management Board of the BANK, Minutes 29 of 10.10.2007, Minutes 19 of 24.04.2008, Minutes 19 of 28.04.2010, Minutes 26 of 15.06.2011, Minutes 44 of 05.10.2011, Minutes 49 of 19.11.2013, Minutes No 34 dated 15.07.2014 Minutes No.18 dated 04.05.2017, as amended and supplemented with a decision of the Management Board of the BANK Minutes 7 of 15.02.2018 pursuant to effective as from 15.02.2018. They form an implicitly inherent and integral part of each agreement concluded by the BANK and referring to these General Terms and Conditions and are considered in their entirety as one whole document and shall be applied as long as the specific agreement does not provide otherwise.
