

**RE: Change in certificates for status and time of the certification service provider  
Borika-Bankservice AD dated 24<sup>th</sup> November 2011**

**Dear Customers,**

Please, be informed that on 24<sup>th</sup> November 2011 Borika-Bankservice AD has taken a decision to issue new time and status root certificates regarding the changes in Electronic Document and Electronic Signature Act dated 1<sup>st</sup> July 2011 and related to this effective legislation, as well as the expiry of the current operational B-trust certificates for time and status.

- The above-mentioned does not change the validity of the digital documents and signatures you have already received.
- If the documents issued after 24<sup>th</sup> November 2011 are not validated correctly, it is necessary to install the new time and status certificates of B-trust

The new certificates could be downloaded here:

- Certificate for time:

- Certificate for status:  
[http://www.unicreditleasing.bg/weblayout/groups/leasinggroup/documents/ass\\_css/ocsp\\_2011.cer](http://www.unicreditleasing.bg/weblayout/groups/leasinggroup/documents/ass_css/ocsp_2011.cer)

The certificates are also available on B-trust website:

- Certificate for time: [http://www.b-trust.org/certificates/TSA/tsa\\_2011.cer](http://www.b-trust.org/certificates/TSA/tsa_2011.cer)
- Certificate for status: [http://www.b-trust.org/certificates/OCSPCert/ocsp\\_2011.cer](http://www.b-trust.org/certificates/OCSPCert/ocsp_2011.cer)

The current root B-trust certificates, issued by the old hierarchy of Borika-Bankservice, are valid up to 24<sup>th</sup> November 2011. After that the digitally signed documents will not be validated correctly, if they are opened with Acrobat Reader, which is not configured with the new certificates.

More details on the new certificates you can find on Borika-Bankservice site:
